

Statewide Portable Equipment Registration Program

FORM 3-D - Application for Portable Unconfined Abrasive Blasting Registration

(Auto-fill format. Use "Tab" or up/down arrows to enter information)

1. Company Name:				
2. Equipment Manufacturer:			3. Model:	
4. Nozzle Diameter: inches or gauge			5. Serial Number:	
Operating Pressure: psi			6. Company Unit ID (optional):	
7. Abrasives Used <div style="display: flex; flex-wrap: wrap;"> <div style="width: 20%;"><input type="checkbox"/> Aluminum Oxide</div> <div style="width: 20%;"><input type="checkbox"/> Black Beauty</div> <div style="width: 20%;"><input type="checkbox"/> Garnet</div> <div style="width: 20%;"><input type="checkbox"/> Glass Bead</div> <div style="width: 20%;"><input type="checkbox"/> Sand</div> <div style="width: 20%;"><input type="checkbox"/> Mineral Slag</div> <div style="width: 20%;"><input type="checkbox"/> Plastic Shot</div> <div style="width: 20%;"><input type="checkbox"/> Silicon Carbide</div> <div style="width: 20%;"><input type="checkbox"/> Steel Shot</div> <div style="width: 20%;">Sand Type:</div> <div style="width: 20%;"><input type="checkbox"/> Steel Grit</div> <div style="width: 20%;"><input type="checkbox"/> Walnut Shell</div> <div style="width: 20%;"><input type="checkbox"/> Other</div> <div style="width: 20%;">Other Type:</div> </div>				
8. <u>Process Information</u> Wet Blasting Used: <input type="checkbox"/> yes <input type="checkbox"/> no				
Percent of Time Wet Blasting Method Is Used: %				
Other Abrasive Blasting Methods Used:				
9. Home District Designation (required):				
10. Do you intend to use this unit in State Territorial Waters (STW)? <input type="checkbox"/> STW only <input type="checkbox"/> Onshore <input type="checkbox"/> Both				
<i>Please note: This form is used to register abrasive blasting equipment units. If you wish to register the engine that drives a compressor used to power the unit, please complete Form 2</i>				

(Form 3-D)

1. *Company Name* - Legal name of entity, business, organization, agency or private individual that operates equipment.
2. *Manufacturer* - for example: Simons, Rexnord, or your company name if built in house.
3. *Model* - may be a series of numbers or letters or combinations of numbers and letters, for example; 3612
4. *Nozzle Diameter and Pressure* - Provide the nozzle diameter or nozzle gauge and the operating pressure at the nozzle.
5. *Serial Number* - A unique, unit specific number, usually on the equipment nameplate. The serial number is necessary to ensure that each piece of registered equipment can be uniquely identified and matched to its respective registration certificate number.
6. *Company Unit ID (optional)* - For your reference. Enter your company unit or equipment number.
7. *Indication of Abrasives Used* - List all the types of abrasives used. If “sand” or “other” is indicated the type must be listed. Note: all abrasives must be California Air Resources Board certified.
8. *Process Information:*
Percent Wet Blasting - an indication of the percentage of the time wet blasting is performed must be included. Be advised that, if the percentage is less than 100 percent, the operating conditions will reflect limitations for dry blasting.
Other Abrasive Blasting Methods Used - If other blasting methods are used, they must be listed (for example, vacuum blasting).
9. *Home District Designation* - Indicate the one air pollution control or air quality management district in which this unit is most commonly operated. This district will be designated as your “home” district. It is required that a home district be designated.
10. *State Territorial Waters* – Please check the appropriate box indicating whether or not you are intending to operate your equipment unit in State Territorial Waters.

Revised 3/2008
